Donald Webber was born January 28, 1927, at home, near Independence, KS. He was the youngest of three with an older brother and sister. Boot camp was in Memphis, TN. He also had training in Norman OK where his brother was stationed and was an instructor. Webber ended up in Guam and other South Pacific Islands and worked as a Mechanic. His job included many things including patching holes in airplanes. Webber was in the service for eighteen months and returned to the United States. He completed his High School Education and had some college courses that helped him in the job market. Webber landed at Southwestern Bell moving up to management before retiring after 34 years. He was married to Gloria for seventy one years. Webber's brother Llyod "Gene" Webber served in the Navy as was stationed in Norman OK for most of his career.
