Eisenhower's D-Day Decisions

Decision #3 The Weather Decision

- Record the ideal weather conditions needed for the paratroopers, infantry, and air support.
- Record James Stagg's weather forecast for June 5th, 1944 and compare to the ideal weather conditions needed.
- Draw conclusions about the forecast and why it would work for D-Day or not work.

Ideal weather conditions needed.

Explain why each is important.

moon

wind

clouds

waves

Forecasted conditions for June 5th, 1944

moon

wind

clouds

waves

Why would this forecast work or not work?
