Honoring Veterans

Make a Veteran's Day Poppy

Follow the directions below to make a poppy that you can wear for Veteran's Day, or give to someone else to wear.

1. Color the flower pieces red and the center circle piece black.
2. Cut out the flower pieces and the circle.
3. Put glue on the X of flower piece #2 and place flower piece #1 on top of piece #2 so they are glued together. Turn flower piece #1 so the petals from flower piece #2 are staggered and can be seen from behind the top piece.
4. Glue the center circle piece over the dotted circle on the flower piece.
